What is the MegaConference?

A Coalition of disability related organizations coming together in Oregon to plan the first statewide disability MegaConference. Our shared purpose in creating this conference is to provide a forum to educate, empower, inspire and connect all people involved in the field of disabilities.

A vast array of topics will be provided throughout the MegaConference. National and local presenters will provide information on a variety of topics such as: Education, Employment, Transition, Housing, Self-Determination, Systems Change, Public Policy, Inclusion, Assistive Technology, Self-Advocacy, and many more!

CALL FOR MEGACONFERENCE PARTNERS!

The Oregon Disability MegaConference has the potential to be the largest disability conference in Oregon! We need you to play a part in the 2008 MegaConference!

The purpose of the Oregon Disability MegaConference is to bring people, organizations, service providers, and agencies together to learn from each other and encourage a statewide dialogue on important shared issues. By combining resources for a joint conference, we lessen the burden of time and expense on each participating organization. Together, we are stronger and able to empower people with disabilities, their family members and those who support them by bringing in more speakers and providing more valuable information.

Please help us spread the word! If you know of anyone who may be interested in becoming a Partner in the Oregon Disability MegaConference, please share this with them or contact
